We are ready for the main attraction
Then I guess I better hurry up than.
yes Sir.

You're talking to SGT. Cedric Price sniper division

Price, this is chief inspector Killington. Listen to me son, I'm relieving you of your current orders to simply keep an eye on SGT. Arthur Bromley

Hehe of course its about Bromley.
what he do now?

He has done nothing yet. What Im afraid of is him losing his restraint and end up doing something reckless and stupid

With as much action as that man has seen, he is just as dangerous as those werewolves on stage that set those hounds on fire.

one thing you need to know about Arthur is that he isnt a keeper of the peace.
He is a War Dog simple as that.

I have him posted here because if theres a riot, he will go in fearlessly and ready to kill.
and when fighting werewolves price, we need killers
So keep the leash on him until the shit hits the fan Got it sir.
OI CEDRIC! CHECK THIS OUT
NO WAY!! IS THAT WHO I THINK IT IS?
WHO IS IT PRICE? WHATS GOING ON!?
THEY HAVE MR ROMASANTA TIED UP TO A SHIPWHEEL

Any Last Words Juan Romasanta II?
You are killing me because you say I am responsible for killing hundreds of werewolves.
But if you kill me now, you will be declaring war on the Royal Hounds and you yourself will be responsible for more deaths than me.
Listen to the crowd Rommy dear. These werewolves stayed here after we burned 2 hounds alive. They are READY for a change. and I am here to give them what they deserve.
They need a leader and Im the one just mad enough to lead them into a new age

You think you know what a wolf is you twisted little shit?
I swear to you now as I look death in the face, that by the end of this conflict, you will know what a REAL Wolf is.
Goody goody
HELLA LONDOKA!!!!
WHOS READY FOR THE AGE OF WOLVES!!!

Thats gotta hurt
Lucky Bastard. Ive been wanting to take a swing at Romasanta for years.
Hold your Ground everyone. The investegators will take care of this in the daylight.
If we went in now each officer would be torn apart.
We cant do anything until they cross the wolf pen Walls
All we can do is hope for Mr. Iscariot to intervene.

I'm sorry I couldnt be there for you.
Its all my fault.
Its too late for forgiveness old man

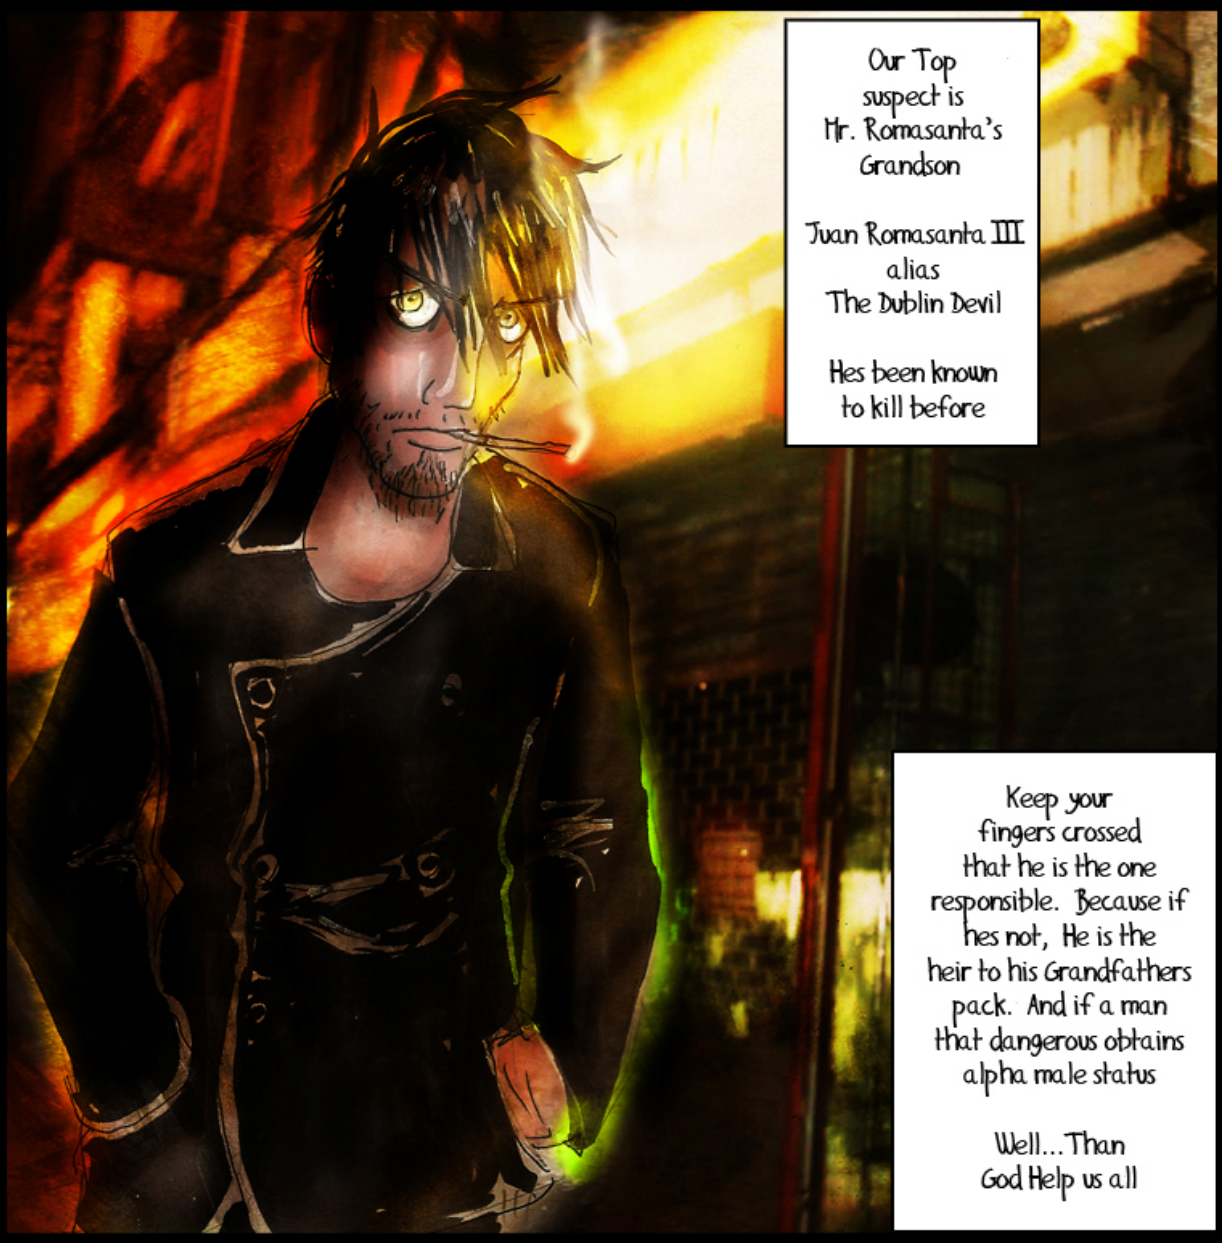
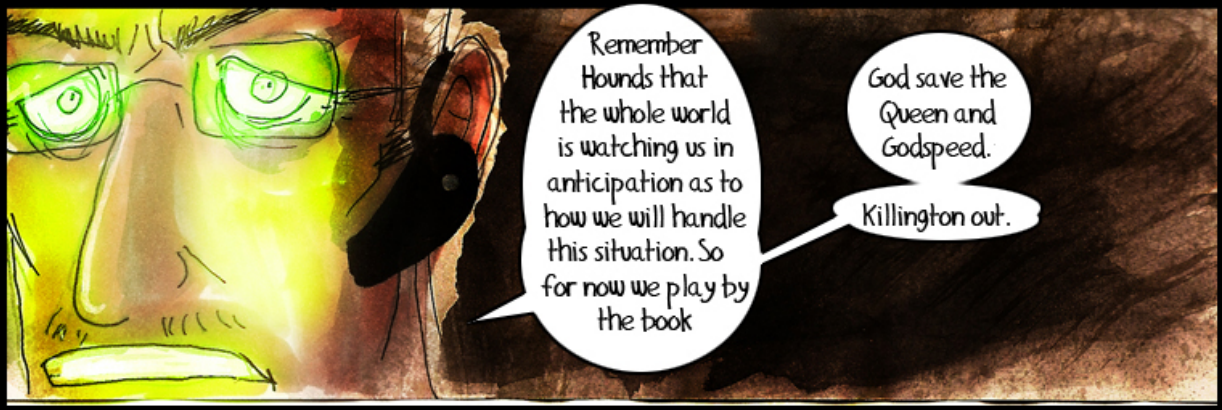
Calling all Hounds Calling all hounds. Thie is chief inspector Killington
The shits hit the fan. A pack of Rogue Werewolves just publicly executed Mr Romasanta who was our top negotiator for the Lycanthropic Society
This is unacceptable.
these wolves are to be hunted down and punished to the fullest extent of our Authority.
We arent just punishing the bastards.
we are also teaching all the werewolves that us hounds can bite back just as hard.
If we Fail England will fall into anarchy.
And The Humans will become the hunted
As soon as morning breaks, I want every able bodied hound to bring in and question every werewolf with a criminal record.



Our Top suspect is Mr. Romasanta's Grandson
Juan Romasanta III alias The Dublin Devil
Hes been known to kill before
Keep your fingers crossed that he is the one responsible. Because if hes not, He is the heir to his Grandfathers pack. And if a man that dangerous obtains alpha male status
Well... Than God Help us all



Remember Hounds that the whole world is watching us in anticipation as to how we will handle this situation. So for now we play by the book
God save the Queen and Godspeed.
Killington out.

SILVERGRIN MUSICAL SHOUT OUT

OK, SO WITHIN ISSUES 2 AND 3 I'M SURE YOU HAVE NOTICED THE RANDOM BAND PERFORMING ON STAGE. WELL HERE THEY ARE. THE OTHER! I PERSONALLY CHOSE THE OTHER TO HAVE A VILLAINOUS ROLE IN THE COMIC BECAUSE...WELL JUST LOOK AT THE PICTURE. THEY KNOW WHAT HORROR IS ALL ABOUT! LEAD SINGER ROD USHER HAS A VERY SPOOKY SOUNDING VOICE THAT I DONT THINK ANYBODY CAN MIMIC. AND WHEN IT COMES TO THEIR INSTRUMENTAL WORK, THE BEST WAY TO DESCRIBE THEM IS 80'S HAIR METAL THAT WENT TO HELL AND CAME BACK FOR REVENGE. UNFORTUNATELY BECAUSE THESE GUYS ARE OVER IN GERMANY, I NEVER HAD THE CHANCE TO SEE THEM LIVE, BUT THAT DIDNT STOP ROD USHER FROM SUPPORTING SILVERGRIN SINCE DAY ONE. ON THE GUITAR IS SARGE VON ROCK. ON THE BASS IS MIGORE DRAKE. AND ON THE DRUMS IS DR. CALIGARI. SO IF YOU WERE EVER INTO HAIR METAL, OR JUST LIKE A GOOD AGGRESSIVE SPOOKY SOUND, GIVE THESE GUYS A LISTEN AT "MYSPACE.COM/THEOTHER"

YOUR BUDDY,

GRANT
